

Carbon sleaving

1. Technical data

Material: Carbon fiber
 Operating range: -269°C~+650°C
 Flammability: VW-1
 Color: Black
 Certificate: RoHS
 Others features: Conductive character
 Cutting tool: Scissors

2. Product Introduction

JDD-CB Carbon sleaving consists of exceptional carbon fiber yarn, which allows an amazing strength, high thermal resistance and extreme lightweight. Our carbon fiber sleaving will form itself to accommodate uneven or asymmetrical surfaces while providing full radial stability and torsional strength.

It provides a tough, durable protection for wires, wire harnesses and cable assemblies, tubes and hoses in aerospace, military and other high-tech applications.

3. Application

4. Datasheet

Part No.	Nominal size mm	Expanded range		Packing m
		Min.	Max.	
CB-003	3	1	4	500
CB-006	6	5	8	300
CB-008	8	6	10	250
CB-010	10	7	13	250
CB-012	12	8	16	200
CB-015	15	10	20	200
CB-020	20	14	26	150
CB-025	25	18	33	150
CB-030	30	20	39	100
CB-040	40	30	52	100
CB-050	50	40	65	100

Notes:

- Nominal size indicates the flat width.
- Special packing, sizes, and colors can be supplied upon request.
- All the numerical data are average or typical values, not including customized sizes.

Unit: mm
