WHITE VELLUM PAPER

General Description:

This white vellum paper is a surface-sized, supercalendered woodfree printing paper, made from FSC® certified materials. It is designed for general-purpose labeling and provides good print resolution for picket fence barcodes and numeric data with thermal transfer print speeds up to 150mm/sec.

PRODUCT SPECIFICATIONS:

Print Technology: Thermal Transfer

Material Type: White Vellum Paper

Adhesive: Removable Rubber-Based Adhesive

APPLICATIONS: This economical multipurpose paper is ideal for print & apply, warehouse inventory labeling, and other in-house product identification labels. It provides good print quality where a gloss surface finish is not required. The adhesive is suitable for a wide range of substrates, including polymeric materials (PET, PP, ABS, PS), greeting cards, aluminum, stainless steel, and glass. However, it is not suitable for window labeling.
